Project Description

One of Boeing's many Flight Training Centres is located near Changi International Airport in Singapore, towards the eastern end of the main island.

The facility boasts space for 7 full flight simulators including Boeing 787, CBT rooms, door trainer room, briefing rooms, classrooms, an auditorium, customer lounge areas, administration offices and ancillary amenities.

The facilities are provided over 3 floors of air conditioned areas and all in keeping with the adopted corporate design philosophy.

Client

Boeing Training and Flight Services

Floor Area

6,900sq. m approx.

Construction Period

40 Weeks approx.

Construction Cost

\$12 million

Project Team

Architect: etc Design Ltd, Client Representatives, Project Manager: Cushman Wakefield, Service Engineers: Jonathan Hart Associates, Quantities Surveyor: Franklin Andrews
