### Project Description

The basis of this project was to produce a schematic sketch scheme for a private client to provide a number of children's centres throughout England.

The building is designed to utilise modular fast track construction. It has been designed with sustainability in mind, featuring aspects such as a green roof, solar shading, sun pipes and geothermal heating, to make the project as energy efficient as possible.

### Client

Roger Bullivant Limited

### Size

310sq. m

### Project Team

etc Design Ltd architects, Buchans, ASC structural engineers
